# Problem

- Difficult to find a project idea
- Little feedback from the peers
- No online presence
- Hard to share projects with employers

# What is Pshiny?

Shine your idea

A one-stop platform for UChicago students to shine up projects by connecting with peers and employers

# Outcome for Students

## Online presence

- ❑ Get interdisciplinary feedback
- ❑ Beautiful design of projects
- ❑ Unique URL to share

## Better idea

- ❑ Solve the real policy/social problems
- ❑ Create an impact

## Job

- ❑ Better prepare for talking about projects in interviews
- ❑ Demonstrate interests to employers

# Added-value

- ❑ For the UChicago community
- ❑ Get more feedback
- ❑ Oriented for public policy/social science projects
- ❑ Hassle-free and code-free aesthetics!

# Next Step

## Students

- ❑ UX research
- ❑ Online tools for polishing the writing and design

## Professors

- ❑ Get feedback from professors
- ❑ Make Pshiny an alternative for submitting and evaluating class projects

## Employers

- ❑ Reach out to employers
- ❑ Create incentives for them to post project ideas and hire students

# Thank You
